

Veterinary Compounding Services

Delivering an animal-friendly compounding service with tailored flavours and formulations!

About HPS

HPS Pharmacies is a leading supplier of pharmacy services to health facilities around Australia. Our all-encompassing service list includes the delivery and provision of medications and clinical services, pharmaceutical advice, and stock management systems and processes.

We service over 200 clients nationally, with operations in all states across Australia. HPS Pharmacies' national office is based in SA, with additional corporate offices located in both NSW and VIC. HPS employs over 350 staff, dedicated to providing quality service to our clients.

Founded in 1975, with more than 35 years experience you can be assured that HPS can deliver on your pharmacy service requirements.

Specific Services We Provide

HPS can tailor a service to meet your veterinary pharmacy needs. We offer:

Compounding Service

HPS provides a comprehensive and customised compounding service for an array of medications and preparations at cost competitive prices (refer to table 1 below).

Product	Form/Strength	Price (including GST)
Methimazole	Gel 2.5mg/0.1ml	\$4.20
Cyclosporin	Eye drops 2%	\$23.75
Polyethylene Glycol	Injection 30%	\$20.90

Table 1. Sample products and pricing

Tailored Animal Products

We are able to deliver an animal-friendly service by tailoring specific products with food flavourings (fish, liver or beef) for easier administration.

Other services and benefits HPS Pharmacies can provide to your veterinary clinic include:

- Competitive prices – HPS Pharmacies' national purchasing power delivers highly competitive prices, resulting in savings for you
- Extensive stock availability
- Imprest/pharmacy stock management
- Oncology and aseptic services
- Access to an on-call pharmacy for emergency situations
- Streamlined ordering systems
- Subscription to all HPS publications

HPS Pharmacies is a leading specialist provider of pharmacy services to veterinary clinics within Australia. HPS provides a comprehensive compounding service for an array of medications and preparations at cost competitive prices.

Value-added Benefits

- Customised medication
- Manufacture of specific medication doses
- Manufacture of discontinued medication
- Specific products tailored with food flavourings (fish, liver or beef)
- Alternative formulations (such as paste) to aid treatment
- Broadens prescribing and treatment options
