# HOMELINE<sup>®</sup>

VERANDAH | PATIO | CARPORT

Designed exclusively for the Western Australian market, the Homeline is a complete verandah, patio and carport system comprising of either Stratco Techtube or rectangular hollow section (RHS) tube beams and columns available in 76mm or 100mm sizes.

A range of external and internal beam connecting brackets and plastic end caps are supplied as standard for a stylish and complete finish.

The choice of high quality pre-painted steel Superdek, Prodek, Smoothdek, Cooldek and CGI Corrugated roofing provides maximum light reflection and smooth lines to the underside of the roof, helping to keep you comfortable all year round.

## FEATURES & BENEFITS
