In second year, this is disrupted by accepting that in order for acting to become art, it needs to embrace the artificialities of stage & screen-the fiction, style, and collaboration with writers & directors. This emphasis on the actors' collaboration sustains the third year of the course, with a focus on repertoire-building, stretching skills & artistic horizons; MOVEMENT - The movement practice teaches the ability to synthesise physical spontaneity & discipline, inspiration & technique, instinct & knowledge to bring to the body a state of readiness for acting. The first year begins with the exploration of physical possibilities & expression through formal exercises & informal creativity. The second year has more emphasis on specific movement 'arts' like stage-fighting, dance for musicals, physical theatre & placing those arts into the context of a scene, a play, a production. The physical dichotomy of reality & artificiality continues to be refined in the third year through the theatre-making processes & productions; VOICE - Spoken voice training provides the skills required for athletic voice use in live performance & the discrete skills of voice use for film & television, as well the skills to use the voice effectively in all facets of daily life. The focus is on both craft & artistry, with vocal health the underpinning principle; PERFORMANCE/ PRODUCTION - The performance units of first year allow access to a wide range of teachers of acting & theatre-making. In second & third year, performance units make way for production units. Rehearsals for shows run from 2.00-6.00pm every day for the first half of each term, then full-time. Productions are created within an intense 'production house model', which means that you will work alongside students from our other</p>	<ul style="list-style-type: none"> • Academic IELTS score of 5.5 Overall with minimum of 5.0 in all bands or equivalent. • • Satisfactory completion of the Diploma of Arts (Acting) or equivalent acting course (approved by the Principal Lecturer/ Education Manager) together with an audition and interview.
