

GP Education

Shoulder Instability Elbow Trauma

Melbourne Arm Clinic is proud to present an evening of GP education with Orthopaedic Upper Limb Surgeon Mr Devinder Garewal and Orthopaedic Elbow, Wrist and Hand Surgeon Mr Matthan Mammen, Radiologist Dr Tom Entwisle and physiotherapist Amir Takla. Please join us for a night of interactive discussions.

Learning Outcomes:

- Develop a care pathway for the management of someone with shoulder instability
- Examine and manage someone with an elbow injury
- Order most appropriate radiological investigations
