An assessment of Council's performance for the year 2005/06 is presented in the 4th Quarter Performance Report – Corporate Plan

State of the Environment Report – S.428 (2) (c)

The City of Sydney State of the Environment Report information is presented on page 42.

Condition of Public Works – S.428 (2) (d)

The City of Sydney property portfolio has an estimated reproduction value \$1.6 billion. It includes properties that support the City's business operations and community services, as well as commercial properties that provide an opportunity for investment and revenue.

The portfolio includes significant heritage buildings such as the Sydney Town Hall and notable buildings such as the Haymarket Library. A portion of the portfolio is managed under head lease arrangements, including the Queen Victoria Building and the State Theatre. The head leased Recital Hall in Angel Place is operated under a comprehensive management contract. The remainder of the estate, including the head leased Customs House at Circular Quay is directly managed by the City of Sydney.

The following table lists the City of Sydney Property Portfolio, along with reproduction values, assessed current and proposed target condition for each asset.

Property	Address	Reproduction value	Current condition	Target condition

Special Schedule 7 – Condition of Public Works

as at 30 June 2006

Asset class	Asset category	Depreciation rate (%)	Depreciation/ impairment expense	Cost	Valuation
			'000	'000	'000
	References	Note 9	Note 4	Note 9	Note 9
Public buildings	Operational	1.33% to 4.00%	716	52,655	
	Community	1.33% to 4.00%	2,645	190,755	
	Commercial*	1.33% to 4.00%	7,428	285,619	143,225
	Subtotal		10,789	529,029	143,225
Public roads	Sealed roads	1.00% to 4.00%	4,097	151,873	
	Sealed roads structure	1.00% to 2.00 %	5,250	384,266	
	Footpaths	2.00%	3,476	173,793	
	Kerb and gutter	0.67% to 2.00%	590	67,342	
	Subtotal		13,413	777,274	-
Drainage works	Drainage network	1.00%	509	51,316	
	Subtotal		509	51,316	-
Total classes – all assets			24,711	1,357,619	143,225

* The "Commercial" category of buildings includes the Investment properties of Council. Whilst these are not categorised as "Buildings" in Council's annual report, they are included as part of Council's overall maintenance program for buildings. The value of Investment Properties is inclusive of land value, as Investment Properties are recorded at a value inclusive of land and buildings. Furthermore, the Depreciation expense column (and accumulated depreciation totals) for Commercial Buildings include impairment expense.

This Schedule is to be read in conjunction with the explanatory notes.

"Satisfactory" Condition of Public Assets

In assessing the condition of Public Assets Council has had regard to the condition, function and location of each asset, based on the original design standard. Changes in standards or proposed or potential enhancements to the existing asset design standard have been ignored (Code p A702). Assets within each Asset Category have been assessed on an overall basis, recognising that an average standard of "satisfactory" may be achieved even though certain assets may be above or below that standard on an individual basis.

Council recognises that the standard that it considers to be "satisfactory" may be different from that adopted by other Councils.

The information contained in this Schedule comprises accounting estimates formulated in accordance with the NSW Local Government Code of Accounting Practice and Financial Reporting. Nothing contained within this Schedule may be taken to be an admission of any liability to any person under any circumstance.

Asset Condition

The following condition codes have been used in this Schedule.

1. Newly constructed
2. Over 5 years old but fully maintained in "as new" condition
3. Good condition
4. Average condition
5. Partly worn – beyond 50% of economic life
6. Worn but serviceable
7. Poor – replacement required

Accumulated depreciation/impairment	Carrying value	Asset condition (see notes attached)	Estimated cost to bring to a satisfactory standard	Estimated annual maintenance expense	Program maintenance works for current year
'000	'000		'000	'000	'000
Note 9	Note 9		<i>Local Govt. Act 1993, Section 428 (2)(d)</i>

The summary of cases does not include cases relating to workers compensation, public liability and professional indemnity. There were

30 workers compensation matters during the period; 22 cases have been settled and 12 are continuing as at 30 June 2006. There were 77 new public liability and professional indemnity claims during the period; 90 claims were finalised and there were 47 cases continuing as at 30 June 2006.

Mayoral and Councillor Fees, Expenses, Provision of Facilities – S.428 (2) (f)

The City of Sydney has in place a Civic Office, Expenses and Facilities Policy that governs the expenses paid and facilities provided to the Lord Mayor, Deputy Lord Mayor and Councillors in the discharge of their civic duties.

In 2005/06, the cost of expenses incurred by and facilities provided to City Councillors was \$694,386.46. This includes domestic travel expenses such as accommodation and registration fees for seminars and conferences, as well as office administration such as telephones, faxes, postage, meals and refreshments. It also includes salaries and salary on costs for Councillors' secretaries, and agency temporary staff, totalling \$495,682.86.

Annual fees were paid to the Lord Mayor and Councillors as required by the Local Government Act 1993 and in accordance with the determination of the Local Government Remuneration Tribunal. A fee was also paid to the Deputy Lord Mayor. The Lord Mayor's annual fee (\$134,160 not including the amount paid to the Deputy Lord Mayor) was paid into the Lord Mayor's Salary Trust which will issue grants to charitable organisations as approved by the Trust.

In 2005/06 the total amount paid in respect of Councillors' fees and the Deputy Lord Mayor's fee was \$282,265.40.

Senior Staff Remuneration Packages – S.428 (2) (g)

Bushfire Hazard Reduction – S.428 (2) (i)

The City of Sydney is an urban environment. There are no large areas of virgin bush within the LGA and while there are large areas of parkland, these areas are maintained either by the City or the relevant Trust. Since bushfire hazards are minimal, the City does not undertake bushfire hazard reduction activities. The City would respond to emergency situations through the Disaster Plan.

Accessible Services for People with Diverse Cultural and Linguistic Backgrounds – S428 (2) (j)

Blessed with a diverse population, the City is dedicated to initiate quality programs for our multicultural society. In 2005/06, a review of City's implementation of Principles of Multiculturalism was conducted, upon which better planning and service delivery can be based on.

Through our Super 'V' Multicultural Volunteers program, we supported projects like the Spanish Salt and Pepper Group, Chinese Evergreen Group, Waterloo Multicultural Cooking Group, Sewing Group and Multicultural Walking Talking Group. With the help of Ultimo Volunteer Seniors Group, the City also provided Chinese singing, cooking, dancing, art and craft, and social groups for Cantonese and Mandarin seniors.

In March 2006, our Living in Harmony program in partnership with community organisations engaged people from different backgrounds in a month-long events. *Celebrate Us through Me* photographic workshop and exhibition; cross-cultural tours to Chinese, Jewish, Muslim, Aboriginal, Australian venues; Building Bridges-Benefit Concert for Bridge for Asylum Seekers Foundation and the Harmony Day Celebration are some of the highlights.

To enable free and easier access to services, the City also supported multilingual projects. Translation and Interpretation Services [TIS] cards are produced in 9 different languages to help people from CALD background access free multilingual service. In partnership with community organisation, we also translated ethno-specific community services directory in 9 languages.

Work on Private Land – S.428 (2) (k)

1. Between October 2004 and March 2006, the City of Sydney, City Projects division, completed the Oxford Street Upgrade project. As part of a comprehensive streetscape upgrade, Council undertook the refurbishment and restoration of awnings belonging to private owners on Oxford Street between Whitlam Square and Taylor Square to a value of \$3,078,609.
2. In September 2005, the City of Sydney, City Projects division upgraded Pemulwuy Park, Eveleigh Street Redfern, as part of the Capital Works Programme. Construction included work to land owned by Murrawina and the Aboriginal Housing Company at an estimated combined cost of \$70,000.
3. Between January and July 2006, the City of Sydney, City Projects division, completed the replacement of existing aggregate and asphalt pavement with new granite pavers at Colonial Centre, 52 Martin Place, 16–48 Elizabeth Street, and 2–14 Elizabeth Street to improve the public domain environment. The total cost spent on these improvements was \$327,419.

Contributions/Grants to Organisations and Individuals – S.428 (2) (l)

Human Resource Activities – S.428 (2) (m)

As at 30 June 2006, the City employed 1490 staff, including 26.7 temporary staff and 44.2 casual staff (full time equivalent). During 2005/06 the City experienced an average vacancy rate of 8.95% with the turnover of building surveyor and engineer positions being particularly problematic due to the shortage of qualified and skilled applicants.

The City continued its focus on managing attendance behaviour with an average of 7.65 days sick leave taken per employee. This key performance indicator is reviewed quarterly by the Executive on a section by section basis and performance incentives are provided through the Council’s Enterprise Agreement.

The City continues to implement strategies that improve workplace health and safety and reduce the negative impact of injuries to staff. The City fully implement its corporate occupational health and safety plan for 2005/06. As at June 2006 the experienced 11 lost time incidents.

The City is a self insurer for workers compensation purposes. Through proactive claims management, health promotion, safety prevention programs and intensive injury management systems the City has continued to reduce open claims, achieve expenditure savings, maintain the outstanding claims estimate and achieve savings on settled claims.

The City has continued its strategic and coordinated approach to training development framework through the Professional Development Program. The City has reviewed its training administration arrangements, continued the frontline management training program for all supervisors and further developed a higher education study assistance program for all staff. During 2005/06 the City spent \$1.5M on the training and development of its employees and has been used to retain key staff retention and attract new staff in a tight employment market.

**Equal Employment Opportunity (EEO) Activities
– S.428 (2) (n)**

EEO has become integral to effective employee relations in the City of Sydney through policy change and review, through the education and development of staff, and through workplace change by updating and enhancing Award and enterprise agreement provisions.

Objectives of the Management Plan include:

1. Maintain employment policies and practices that are consistent with anti-discrimination legislation and ensure fair and equitable access to jobs, conditions of employment, promotions, training and development opportunities.
2. Gain the commitment of all staff and Councillors to an equitable working environment that is free from unlawful discrimination and harassment
3. Seek to employ a range of staff at all levels that reflects the social composition and diversity of the community

Statutory Returns 2005/06

Strategies to achieve these objectives include:

1. Actively incorporate EEO principles into all policies and practices impacting on City of Sydney staff.
 - Primary workplace policies are reviewed annually.
2. Integrate EEO principles into main-streaming training and development activities and implement specialist EEO training initiatives
 - Compliance training on EEO, anti-discrimination and workplace behaviour is provided to all staff annually
3. Communicate and promote the principles and practices of EEO in the City of Sydney
 - The City's recruitment process was external audited – recommendations are being implemented.
4. Implement initiatives and special programs to assist the recruitment and advancement of EEO groups.
 - EEO Management Plan survey of all staff completed
 - liaisons have been established with aboriginal community groups and gay lesbian bi-sexual trans-gender groups for recruitment and policy review arrangements

1. The Watershed Sustainability Resource Centre

The Watershed Sustainability Resource Centre is located at 218 King Street, Newtown.

The Watershed is a joint initiative of the City of Sydney and Marrickville Councils, and is part of an ongoing commitment to support sustainable environments. Both Councils in June 2006 committed to a further three year partnership for The Watershed.

The Watershed was originally funded by the NSW Stormwater Trust with a focus on stormwater pollution and water conservation, and has since expanded its focus to embrace innovative and practical solutions for sustainability.

The Watershed's staff and volunteers offer a professional advisory and referral service, to advise on simple cost-effective ideas, to support more sustainable ways of living. Included are a wide range of environmental initiatives, including worm farming and composting, greywater reuse, rainwater tanks, energy and water efficiency, recycling, natural cleaning, sustainable housing, and permaculture.

2. Homelessness Outreach

In January 2006, the City partnered with the NSW Department of Housing to jointly fund a new Outreach and Support Service. This new service, the Inner City Homelessness Outreach and Support Service (I-CHOSS) is provided by Mission Australia and the Haymarket Foundation. The Department of Community Services has also contributed a brokerage fund for the Service. The Service has been funded for three years, with an option of two one-year extensions.

Local Government (General) Regulation 2005 – Clauses 217-226

Clause 217 (1)

(a) Overseas Visits Undertaken by Councillors and Others Representing Council

Councillors

During the year Councillors Phillip Black and Marcelle Hoff represented the Lord Mayor on the Inaugural Qantas direct flight from Sydney to San Francisco – the re-establishment of a former Qantas route and part of a program initiated by the San Francisco City Mayor to reinvigorate the Sydney–San Francisco Sister City Partnership. Costs were met by Qantas and the City of San Francisco.

Council Staff

In February 2006, the Director of Corporate Services, John Barbelier travelled to the United Kingdom to meet with Public Liability insurers to present the City's improved risk profile since amalgamation for the renewal of policies on the 31 March 2006.

In May 2006, the Director of Strategic Planning and Project Development, Catherine Hart travelled to France to present at the Global City Conference in Lyon. Kapsch Traffic covered the cost of accommodation and half an economy class airfare.

(b) Senior Staff Remuneration Packages

See S428 (2) (g)

(c) Activities to Develop and Promote Services and Programs That Provide for the Needs of Children

The past year saw Council researching and responding to the need for child care and improving environments for children across the City.

Child Care Needs Study – In May 2005, Council commenced a Child Care Needs Assessment to determine the need for child care across the City. The report considered by Council in September 2005 found an unmet need for child care across the City, particularly for children under 2 years of age and suggested strategies to improve access and supply.

Since then, Council has been monitoring new child care growth to assess the impact of strategies such as policy and physical building changes on overall supply.

Since the study was undertaken in May 2005, 5 new centres have opened and 1 has closed, resulting in a net increase of 259 places, of which 101 (38%) are for children under 2.

Child Care Centres Development Control Plan – In September 2005, Council adopted the City of Sydney Child Care Centre Development Control Plan. The DCP was developed to ensure the design and development of quality child care centres and improve access to information on the physical building requirements to consider when developing a child care centre.

The DCP also recommends rates for provision of centres in new developments and a percentage of places for under 2 year olds in all new child care centres built across the City, in response to the needs identified in the child care needs assessment.

Over the past year Council has also been expanding and improving services for children.

Redfern Occasional Child Care has undergone expansion and refurbishment during 2006, with the upgraded facility better meeting the needs of children and providing an additional 10 child care places for children under 2 years of age.

During the first half of 2006, Council upgraded the *Golden Fleece Kindergarten* in Chippendale to provide better facilities for children and temporary premises for existing services while their upgrades are undertaken.

During October and November 2005, Council upgraded the children's outdoor playground at *Pyrmont Children's Program*, a 30 place after school and holiday program for primary school aged children. The upgrade included new climbing equipment, soft fall under-surfacing and shade.

During the first half of 2006, Council upgraded an underutilised space at the Ultimo Community Centre to provide an indoor child care space for the *Ultimo Children's Program*, a 60 place after school and holiday care program for primary school aged children. The upgrade provided a new playroom, children's toilets, homework/computer room and craft facilities.

We also undertook improvements to the indoor child care space at *KGV (The Rocks) Children's Program*, a 30 place after school and holiday care program for primary school aged children. This upgrade provided dedicated children's toilets accessed directly from the children's playroom and improved kitchen and storage facilities.

Council commenced plans to add another playroom to our *Alexandria Child Care Centre*. Council plans to expand the existing 56 place long day child care facility to provide an additional playroom to accommodate 10 extra children under 2 years of age by the end of 2006.

We also commenced plans to improve services provided from *Surry Hills Occasional Care* as part of Surry Hills Community Facility upgrade.

These plans involve new child care places and a greatly improved facility by early 2008.

Plans also commenced to upgrade the outdoor playgrounds at *Hilda Booter and Broughton Street Kindergartens* in Glebe. The upgrades will provide greatly improved outdoor play spaces for attending children.

(d) (i) Activities to Promote Services and Access to Services for Residents and Other Service Users

1. Aboriginal in the City of Sydney

The City is committed to reconciliation. At all times, we observed appropriate protocols for consulting, acknowledging and working with out Aboriginal and Torres Strait Islander communities. In 2005/06, we continued to develop and deliver programs to serve our Aboriginal and Torres Strait Islander residents.

Programs targeted at the Aboriginal and Torres Strait Islander communities continued to be run in the Redfern Community Centre. Employment programs, after school care, playgroups, nutrition courses, exercise classes are regularly held and complemented by community meetings, community barbecues, dance rehearsals, music recording and special market days.

In addition, through grant and sponsorship, the City supported Aboriginal and Torres Strait Islander community organisations to stage festivals and celebrations. Thousands of aboriginals took part in our Yabun Festival, Reconciliation Week and NAIDOC Week events.

2. Community Services and Facilities

Since September 2005, a quarterly newsletter was published to provide residents to information of regular programs and special events available in the libraries and community centres in the City.

To foster a sense of belonging, the City provides direct services and programs in community centres. In 2005/06, over 255,000 customers and residents participated in a variety of programs ran in the 6 community centres in Ultimo, Pyrmont, the Rocks, Redfern, Woolloomooloo and Chippendale. Among the more than 60 programs conducted are sports competitions, fitness classes, art related classes, women's lifestyle classes, music recording, hospitality training, etc.

While we strive to serve all customers and residents in general, focused programs are being run to meet the needs of priority groups. On one hand, there are sport and fitness programs for a variety of ages, residents and business of the City. On the other hand, there are employment programs for the aboriginal communities in Redfern Community Centre, ethno-specific programs for Chinese in Ultimo Community Centre and outreach art programs in Pine Street Creative Art Centre.

In addition to community centres, the City is also committed to community capacity building. There are 18 community venues available for community organisations to hire at cost. More than 3000 events took place in these venues in 2005/06.

3. Libraries

In 2005/06, approximately 9,900 participants took part in over 200 libraries program sessions varying from children's story time, juniors' program, adult literacy program, local history programs and library users education programs. To better co-ordinate these services, a new position of library programme coordinator was created and filled towards the end of the financial year.

Statutory Returns 2005/06

4. Young People in the City of Sydney

In 2005/06, the City adopted the *Youth Interagency Youth Strategy and Action Plan* in addition to continued coordination of the City of Sydney Youth Interagency. A free Youth newsletter, *WAZZUP*, was also published quarterly as an initiative to advertise youth programs. 6 new part time Youth Work positions were created.

Council provided direct youth services in 5 youth facilities for young residents aged 12–24 year olds. We also run after school programs and school holiday programs in Glebe, Woolloomooloo, Pyrmont, Erskineville, Millers Point and Redfern. We also provided On the Move Transitions programs for 10–14 year olds in Glebe, Alexandria and Woolloomooloo.

In partnership with community organisations, we continue to address youth-related issues like unemployment and safe driving. The Drivin' for Employment program assisted 27 young people gain their licences and the Lights Camera Action Project helped 71 indigenous people gain work in the film and television industry. A Sound it Out Youth Music Program was established in partnership with the Powerhouse Museum. With the help of various partners, the City also organised Youth Week Events in April 2006.

5. Gay, Lesbian, Bisexual and Transgender People in the City of Sydney

The City:

- Appointed a GLBT Project Coordinator to work with the City's GLBT community in January 2006.
- Conducted a public forum on homophobic violence with the NSW Police, ACON and the Lesbian and Gay Anti Violence Project.
- Supported anti-violence messages during the 2006 Mardi Gras period.
- Commenced work on an Oxford Street Safety Strategy.
- Continued to operate the Relationships Declaration program initiated by the former South Sydney Council, which enables same sex couples to formally declare the existence of their relationship
- Supported the 28th Sydney Gay and Lesbian Mardi Gras parade and festival.
- Sponsored the Sydney Food and Wine Fair, which raises money for the AIDS Trust, funding AIDS research, education, care and support
- Provided a range of community grants and subsidised accommodation to several gay, lesbian and transgender organisations and groups.

6. Safe City

During 2005/06, the City of Sydney continued to work with police, business, residents and other stakeholders to improve safety and reduce the fear of crime through Closed Circuit Television (CCTV) surveillance, community projects, liquor licensing accords, illicit drug and syringe management initiatives, environmental design and community education.

To improve safety and reduce crime the City:

- Expanded the CCTV network to 11 new CBD and 3 Kings Cross locations.
- Established 75 new Alcohol Free Zones across 6 police commands.
- Developed a new annual Student Safe initiative targeting tertiary student safety, with a fact sheet translated into 5 community languages.
- Delivered a new Safety Contacts Fridge Magnet and a revised Safety Tips Brochure to all households.
- Distributed the Needle Clean Up Hotline flyer to all households and many businesses.
- Redeveloped the Safety Tip brochure and disseminated to all households during April 2006.
- Rolled out the "When at the Lights Lock Up Tight" initiative in key crime intersections in Redfern and Waterloo.
- Continued to roll out the "Stop Theft" signage in key steal from motor vehicle hotspot locations.
- Commence work on an inaugural Crime Profile for the City.
- Ran 4 very successful Biz Safe forums with the NSW Police and NRMA to reduce local business crime risk.
- Actively supported 7 liquor licensing accords.
- Ran 8 popular "Good Neighbour" BBQs in City South with the NSW Police and NRMA to promote crime prevention messages in a relaxed environment.
- Installed 9 new community sharps bins in key discarded syringe hotspots.
- Delivered the "Creating a Safer Community" program in the Redfern-Waterloo public housing areas.
- Deliver a City South Community Safety Newsletter.
- Piloted the "Safe Shop" and personal alarm initiatives in City South public housing.
- Adopted the Sex Service Premises DCP.

7. Community Support and Access Unit

Homeless Persons Information Centre (HPIC)

HPIC is the NSW state-wide telephone information and referral service for people who are homeless or at risk of homelessness. It has been provided by the City since 1984 and funded by the City, NSW Department of Community Services and the NSW Department of Housing. In 2005/06, HPIC responded to a total of 51,700 calls. Of these, 45,993 were client calls. HPIC was able to meet the needs of 75.25% of callers.

Homelessness Brokerage Program

The City of Sydney Homeless Brokerage Program assists people who are homeless secure long term accommodation and, where necessary, offers support services to enable them to live independently. To achieve this goal the service provides short term accommodation, food, transport and other support to people who are homeless and do not require supervised accommodation.

This service is provided by the YWCA of Sydney under contract to the City of Sydney. It assists clients from across metropolitan Sydney, with a focus on the central Sydney area. It is jointly funded by the City and the NSW Department of Housing. In 2005/06, Brokerage assisted a total of 1808 people.

Homelessness Outreach

Until December 2005, the City fully funded the City Street Outreach Service, a service provided by the Independent Community Living Association. The service provided outreach assistance to people who were homeless and sleeping rough in the City of Sydney local government area. For the six months July 2005 – January 2006, the City Street Outreach Service had 831 contacts with homeless people on the streets and parks of the City. 151 people who agreed to be clients of the service during that period, had case management plans implemented.

In January 2006, the City partnered with the NSW Department of Housing to jointly fund a new Outreach and Support Service. This new service, the Inner City Homelessness Outreach and Support Service (I-CHOSS) is provided by Mission Australia and the Haymarket Foundation. The Department of Community Services has also contributed a brokerage fund for the Service. The Service has been funded for three years, with an option of two one-year extensions.

Food services for older people and people with a disability

The City of Sydney provides a Meals on Wheels service to frail aged residents and residents living with a disability. Centre based meals are also provided at each of the City's older persons activity centres. In 2005/06 64,829 meals were delivered through the MOW program and 25,250 centre based meals were provided during the same period.

Activity Centres

The City of Sydney operates a network of Activity Centres that provide aged residents and residents with disabilities services, support and information as well as an interesting range of recreational activities. During the past financial year, there were 22,706 participants in activity centre programs.

Podiatry service

The City of Sydney provides a subsidised Podiatry Clinic for local residents. To be eligible people must be a member of a City of Sydney Activity Centre. A small fee is charged for the podiatry services provided by the clinic. Transport to and from the clinic is free. In 2005/06 1,012 separate podiatry appointments were provided.

Community Transport

The City of Sydney provides a free bus service to transport eligible seniors and people with disabilities to and from their local Activity Centre. Each Activity Centre also operates additional bus services such as regular shopping trips and outings. During the past financial year 24,299 individual bus trips (each participant counted) were provided. There were also 638 bookings made by other organisations for use of the City's community transport buses.

Project and policy work

The Community Support and Access Unit also undertakes a range of projects and policy work. During 2005/06 some of the significant work of the Unit included:

- Employment of a Disability inclusion and access project officer to improve the City's response to access issues and services for people with a disability.
- Several public disability access forums were held.
- A special forum for homelessness services and workers on 'Vulnerable and Complex' long term homeless people. Several actions identified at the forum are being followed up in 2006/07.
- The Unit was successful in receiving a \$40,000 Commonwealth grant to develop a training program about homelessness for volunteers in homelessness services. This program will be completed during 2006/07.
- Co-ordination work with other homelessness services, including the establishment of a special group consisting of mobile food services for people who are homeless. The intention is to improve co-ordination amongst these services and with the City.

(d) (ii) Category 1 Business Activities

As of July 1997, councils must apply a corporatisation model to businesses with annual gross operating incomes of more than \$2 million – known as Category 1 business. This involves the establishment of separate reporting frameworks for accounting and management purposes. Businesses with annual gross operating incomes of less than \$2 million will be subject to full cost attribution as far as practicable.

In 2005/06, City of Sydney's Category 1 Businesses were:

- Commercial Properties
- Parking Stations
- Venue Management

(d) (iii) Category 2 Business Activities

Venue Management had previously been regarded as Category 2 activities, but increased turnover in 2005/06 has meant that it has been reclassified as a Category 1 business activity

(d) (iv) Category 1 Business Activities – Statement of Expenses, Revenues and Assets

Refer Special Purpose Financial Statements

(d) (v) Implementing Principles of Competitive Neutrality

Since 1996, the City of Sydney has voluntarily implemented a Competitive Tendering Program consistent with the National Competitive Policy and the principles of competitive neutrality.

During 2002/03, the City completed the second round of its Competitive Tendering Program. Controls were implemented to ensure that in-house businesses operated on a level playing field when tendering for contracts to provide Council services. Those in-house businesses awarded contracts were audited to ensure that operating costs and overheads were kept within the bid price (apart from approved variations to levels and quality of services). Access to Council plant and assets were monitored to prevent free or subsidised asset usage and other

Statutory Returns 2005/06

costs incurred by business units outside of Council also were reviewed to ensure that Council did not enjoy unfair discounts due to its status as a public sector entity.

(d) (vi) Application of Competitive Neutrality Pricing Requirements to Category 1 Businesses

In 2005/06, Council's Category 1 Business activities were audited in the normal manner.

(d) (vii) Competitive Neutrality Complaints Mechanism

Complaints in respect of competitive neutrality are managed by the Office of the Chief Executive Officer, and other units of Council as appropriate.

(d) (viii) Performance of Category 1 Businesses

Business Activity	Key Performance Targets	Key Results
Commercial Properties	Meet property revenue budget of \$35.62 million	Achieved actual revenue of \$36.04 million
Parking Stations	Meet annual revenue budget of \$8.89 million	Achieved actual revenue of \$8.54 million
Venue Management	Meet annual revenue budget of \$3.19 million	Achieved actual revenue of \$2.80 million

(d) (ix) Summary of Competitive Neutrality Complaints Made Against Council

In 2005/06, there were no competitive neutrality complaints made against the City of Sydney.

Clause 217 (2) and Clauses 218-226

Subdivision 2 State of the Environment Report

This information is contained within the State of the Environment Report page 42.

Local Government (General) Regulation 2005 Part 5 – Division 3 – Clause 132

Details of Written Rates and Charges

Rates and Charges Written Off 2005/06

Reason for Abandonment	Amount
Eligible Persons*	\$1,350,828
Small Balances	\$4,267
Total	\$1,355,095

* Eligible persons are City of Sydney pensioners who have been issued with a pensioner concession card by Centrelink or the Department of Veteran's Affairs. It is City of Sydney policy to provide eligible pensioners with a 100 per cent rebate on Council rates.

Freedom of Information (FOI) Act 1989 – S.68 & CL.10

Historical statistics

Under the Freedom of Information Act – Section 12 – the City of Sydney is required to report on FOI activities.

There were 35 new applications in 2005/06 compared to 246 in 2004/05.

During the 2005/06 period, the City adopted an Access to Information Policy, enabling the provision of publicly available information through 1455 Document Access Requests.

The number of withdrawn applications dropped from six (6) in 2004/05 to nil in 2005/06.

The assessed costs and FOI fees received in 2005/06 was \$1665.00, compared to \$21,935.00 in 2004/05.

As in previous years, no appeals against FOI determinations were made to the Administrative Decisions Tribunal in 2005/06.

A breakdown of FOI applications and processing is provided below.

Section A. Numbers of FOI Requests

FOI Requests	Personal	Other	Total
A1 New (including transferred in)	8	27	35
A2 Brought forward	0	2	2
A3 Total to be Processed	8	29	37
A4 Completed	8	26	34
A5 Transferred Out	0	0	0
A6 Withdrawn	0	0	0
A7 Total Processed	8	26	34
A8 Unfinished (carried forward)	0	3	3

Section B. Results of FOI Requests

FOI Requests	Personal	Other
B1 Granted in Full	4	15
B2 Granted in Part	1	7
