

# PW460

Product no: 967 67 80-02

Husqvarna®  
READY WHEN YOU ARE

**L** An extra large and powerful high pressure washer with a robust and purposeful design, built for the toughest cleaning tasks outside. The brass pump with ceramic coated pistons ensures an outstanding durability. With the pressure control you can adjust water flow and pressure perfectly.

Includes an integrated detergent tank which is controlled on the front panel. The brass pump head ensures an outstanding long-term performance. A steel reinforced high-pressure hose is included. The Low Force grip activates the trigger with less effort and more comfort for your hand. The induction motor ensures a dependable performance while the aluminium carrying handle facilitates transportation. Quick hose coupling, large and robust wheels for better traction, and a long spray lance add to the experience. Two swivel functions, for nozzle adjustment and quick connection, prevent hassle. On-board accessory storage, hose reel and quick-release power cord storage make operation efficient. Rotary and Variable Flat-jet Nozzles are included.

## Double Swivels and Quick Connect

The spray lance features double swivel functions and quick connections for hose, nozzles and accessories – all to maximise your efficiency and comfort.

## Aluminium Handles

The robust, extendable aluminium handle, together with a comfortable aluminium carry handle makes your transportation and storage convenient and easy.

## Low Force Grip

In this ergonomically designed function, the trigger's activation is perfectly adjusted to your fingers. This means less effort and more comfort for your hand, especially during prolonged use.

## Large and Robust Wheels

Important issues such as easy movement and reliable traction on uneven ground are ensured by the large soft-grip wheels, mounted on a metal axis. This also helps prolong the lifetime of the product as a whole.

## Induction Motor

The induction motor combines a great performance with a high durability and a long lifetime.

## Pressure Control

Water flow & operation pressure can be perfectly adjusted by using the pressure control – and you will not use any more water than necessary. The pressure control also maintains function when you use different nozzles and accessories.

## Steel-reinforced High-Pressure Hose

The flexible high-pressure hose is reinforced with steel to give you extra durability, easy handling and a prolonged product lifetime.

## Internal Detergent Tank

With an integrated detergent tank, you only need one product for detergent application and washing. The tank is easily removed and refilled, and you can also use a separate tank by pulling out the hose and connect it via the standard screw cap. On the front panel you can conveniently adjust the dosage.

## TECHNICAL SPECIFICATIONS

Max pressure, bar / psi	160 / 2321	Max self-priming suction, M	1.0
Operating pressure max, bar/psi	120 / 1740	Power cord length, M	5
Water flow, lt. /hr (lt / min)	470-520 (7.83-8.67)	HP Hose length, M	15
Voltage, V	230-240V	HP Hose type	Steel reinforced
Power rating, W	2400	Detergent tank volume, litre	2.5
Max. water inlet temperature, °C	60	Product size, handle in lower position (WxLxH), mm	390x350x810
Trigger gun vibration level with standard nozzle, m/s <sup>2</sup> *	< 2.5 ± 1	Product size, handle in upper position (WxLxH), mm	390x350x980
Rated current, A	10.0	Weight, kg	28.4
Guaranteed sound power level LWA, dBA**	92		

## FEATURES

Metal pump	•
Double swivels and quick connect	•
On board storage	•
Rotary nozzle	•
Flat jet nozzle	•
Hose reel	•
Foam sprayer	—
Remote pressure control	—
Flexible, textile-reinforced high-pressure hose	—
Steel-reinforced high-pressure hose	•
Aluminium carrying handle	•
Aluminium telescopic handle	•
Large and robust wheels	•
Power cord storage with quick release	•
Induction motor	•
Long spray lance	•
Low force grip	•
Brass pump head	•
Pressure control	•
Internal detergent tank	•
Stainless Steel Pistons	—
Ceramic coated, S/Steel Pistons	•

## ACCESSORIES

Part Number	Description
590 65 78-01	SC400 Surface cleaner
590 65 79-01	SC300 Surface cleaner
590 66 04-01	FS300 Foam sprayer
590 66 09-01	Extension hose, 10M Steel reinforced
590 66 08-01	Extension hose, 8M Textile reinforced
590 65 93-01	Water filter
590 66 06-01	Rotating brush kit
590 66 07-01	Vehicle cleaner kit
590 66 12-01	Stone and wood cleaner
590 66 13-01	Vehicle cleaner and wax
590 66 10-01	Pipe cleaning hose 15 m
590 66 11-01	Angled spray lance
591 10 64-01	O-ring kit
590 65 97-01	Suction hose
590 66 05-01	Water suction nozzle
