

QUALITY CHILDCARE

QUALITY AFFORDABLE CHILDCARE

The Greens are committed to ensuring all Australian children have access to high quality, flexible and affordable early education and care. At a time when 70% of childcare workers are under skilled or have no qualifications, urgent investment in the childcare sector is needed to make sure our children get the best start in life.

We are working hard to find solutions to high fees, long waiting lists and a diminishing workforce, so that parents are confident that their child is receiving the best quality care. The Greens support reforms to ease the burden on families when it comes to fees and availability.

We know the first five years of a child's life greatly impacts their long term health, well-being and resilience. We can't afford not to invest in our youngest citizens.

SENATOR FOR SOUTH AUSTRALIA

SARAH HANSON-YOUNG
